

SDRP

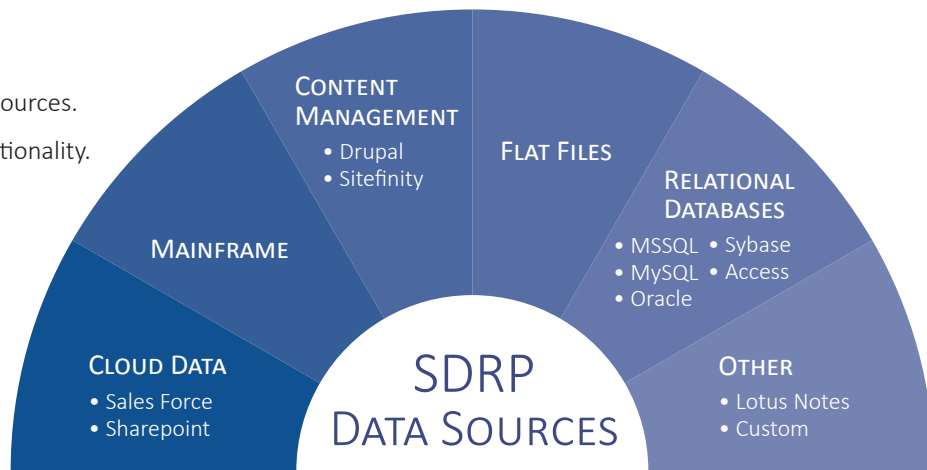

STRUCTURED DATA REVIEW PLATFORM

Need to review millions of rows of *structured data*?

Structured databases often contain privileged or confidential information. The SDRP provides you with the ability to efficiently analyze, search, cull, and produce structured data originating from a variety of platforms. With the combination of this tool and Evolver Legal Services' expertise, your legal team will have a distinct advantage in navigating the complexities of structured data review.

SDRP OVERVIEW

- Cleaner, faster data collection from a variety of data sources.
- Flexible, robust searching, and mass data review functionality.
- Field and cell level redactions, tagging, and keyword highlighting.
- Secure accessibility from any internet connected PC.
- Customizable features for every case.
- Significant time and cost savings.
- Hyperlinks to native attachments hosted within your traditional review platform.

THE SDRP PROCESS
